FEATURES THE XP-H HYDRAULIC SPRAYER WITH GH POWER PACK ACCESSORY

WORK MORE

The Spray Foam Systems ProPak XP series is a great rig for urethane, epoxy and protective coating professionals.

WORK ANYWHERE

The XP features the Graco XP-h hydraulic Plural component sprayer with the Graco GH Power Pack hydraulic power pack. Includes 31' Xtreme Duty Hose, 50' Heated hose and 6' whip. Choose your series with mix ratios from 1:1 up to 4:1 with the XP35-h, XP50-h or the XP70-h with pressure from 3500 to 7250 psi.

WORK ANYTIME

On board generator power allows you to work anywhere, anytime. The XP series features a 18KW Gas Generator for on site power as well as a 9HP gas compressor for all your pneumatic needs

WORK SAFE

ProPAK Mobile Spray Rigs are engineered and designed by industry professionals that understand what you need to work safe. Each ProPAK Rig comes with a Fresh Air System and all of the necessary safety equipment you need to be compliant on the job.

Setup in an 8x16 Cargo Hauler, the triple slider series can be easily towed by a 1 ton truck. There is plenty of room to carry material and store ladders and scaffolding. The standard work bench stores all your safety equipment.

Backed by the Graco XP-h hydraulic you switch from hand mixing to a plural component machine and is an ideal system for those who want to reap the benefits of the latest spraying technologies and add productivity to boost their bottom line.
